Letter of recommendation

I am pleased to write this letter of recommendation for Lina Manaa, who recently completed an internship at the Marriott Constantine, Algeria, where she assisted brilliantly the Marketing Supervisor in our Sales and Marketing department.

Lina quickly established herself as an efficient team member, demonstrating a keen understanding of our marketing principles and an impressive ability to adapt. Her consistently accurate and timely work reflected her strong organizational skills and attention to detail.

Throughout her internship, Lina's work ethic, creativity, and adaptability were evident. She approached each task with a positive attitude and a commitment to excellence, efficiently handling multiple responsibilities and consistently exceeding our expectations.

Lina's cheerful demeanor and lovely personality made her a pleasure to work with. She fostered a positive and collaborative environment within the team, always ready to lend a helping hand and support her colleagues. Her enthusiasm was contagious and greatly contributed to the overall morale of the department. She seamlessly integrated into our team. Her positive attitude, combined with her ability to communicate effectively, made her presence delightful.

I am confident that Lina Manaa will continue to excel in her future endeavors. I highly recommend her for any position or opportunity she may pursue.

Sincerely,

Samia Benamer
Director of sales and marketing
